

# 9

## Benefits of Vertical Storage Systems

# Better Space Utilization

**10x better  
space efficiency  
by activating  
vertical heights**

# Reports

**Complete insights  
on SKUs such  
fast-moving,  
non-moving shelf  
status, etc**

# Improved Traceability

Search the inventory  
just by entering  
the product code

# Faster Availability

No need to search,  
reach, collect &  
retrieve, enable  
faster availability

# Ergonomic Operations

**Complete  
elimination of  
bending, stretching  
or climbing ladders**

# Easy ERP integration

**User-friendly ERP  
interface with  
access-controlled  
gateways**

# Material Access Authentication

**Enable material  
availability to  
authorized persons  
with proper access  
control**

# Dust Free

**Completely  
packaged storage  
ensures no dust or  
rodents enter inside  
Instamat**

# Superior Aesthetics

**Boltless, Self  
interlocking, powder  
coating cladded to  
provide a corporate  
look**
